1. This lesson is a companion to the story "Have You Filled a Bucket Today?" by Carol McCloud and focuses on kindness. Please start by either reading the story aloud or showing students a YouTube video read-aloud. Next, please use the Google Slides presentation with students. It first teaches students the difference between bucket filling and bucket dipping. Then, it asks students to read one of 32 scenarios and decide if it is a bucket filling or a bucket dipping choice. If it is a bucket filling choice, students drag the star to the happy bucket. If it is a bucket dipping choice, students drag the star to the sad bucket with the dipper at the top. On the last slide, students type in the text box ways that they can fill buckets.
2. LOTS of printable resources are included in the zip folder, too! Feel free to use any of them after completing the digital activity.
