- This presentation teaches students about the qualities of a good friend. Students learn the definition of friendship and 14 ways to be a good friend. The theme of the lesson is "We Go Together" like... Students learn that when they find a special friend who likes them for who they are, they become a perfect pair. We can say "They go together like macaroni and cheese," "They go together like bread and butter," "They go together like ice cream and sprinkles," etc.
- The presentation ends with a discussion question for students. They can type directly in the text box that says, "type here."
- Printable activities are also included in the zip folder that you can use to supplement or close the lesson if you'd like!
