Directions:

Materials Needed: printed pages, crayons

This Color by Code activity is a fun way to review feelings identification! Students learn what each feeling looks and feels like in their bodies.

Students work on the black/white version, and I included a full-color answer key for you.

9 different feelings are included (angry, nervous, sad, excited, scared, confused, happy, shy, surprised).

Students follow the code at the top of the page to color each part of the picture.

Questions, comments, or suggestions?

Feel free to contact me any time at laura@musiccitycounselor.com. I'm here to help!

PS I so appreciate when you please take a moment to leave a review on my resources on my TpT store! It earns you credits towards future purchases, helps other educators find quality resources, and helps my small business grow!
