General Google Slides Directions:

1. Please sign in with your Google account.
2. Please click "make a copy" and a copy of the lesson will automatically be saved to your Google Drive.
3. If you are using Google Classroom, please assign the activity as an assignment to your students.
4. If you are not using Google Classroom, you can post the resource to the virtual platform that you are using, or email the link directly to students. If you email the link to students, please make sure that they or their parents have a free Google account first. They will click on the link, sign in with their Google account, and then a copy of the lesson will automatically be saved to their Google Drive. They can then use any device (tablet, smart phone, computer) to access the resource.
5. To use the interactive features of the lesson, please make sure that you are in "edit mode," not in "presentation" full-screen mode.

How to Use the Activity:

****Please make sure students are using the presentation in "edit" mode (NOT in full-screen "presentation" mode) or the interactive slides will not work!****

- This presentation teaches students all about the beauty in diversity and the importance of welcoming all people with open arms. The presentation introduces us to a little girl whose mom taught her that "all are welcome at their table." The presentation tells the story of the little girl inviting all different friends to join her family for dinner. The presentation defines diversity for students and also discusses 5 ways we are different (skin color, culture, language, abilities, beliefs). Students also learn that we are more similar than we are different.
- The presentation ends with 3 discussion questions for students. They can type directly in the text boxes that say "type here."
- Printable activities are also included in the zip folder that you can use to supplement or close the lesson if you'd like!
- Questions? Please contact me at laura@musiccitycounselor.com. I'm here to help!
- PS I so appreciate when you please take a moment to leave feedback on my resources. It earns you credits towards future purchases, helps other educators find quality resources, and helps my small business grow! 😊
