EXPERIENCE:

I have served as a bilingual elementary school counselor for the past 8 years at a precious school with Nashville's sweetest students.

98% of my students are living in poverty and 80% speak a language other than English at home.

THE MUSIC CITY SCHOOL COUNSELOR PROMISE:

"Every child you pass in the hall has a story that needs to be heard. Maybe you are the one meant to hear it." All of the products in my store have been used with my students first to ensure they are highly successful, meaningful, engaging, and relevant! The wording and content throughout my store is both accessible to students from diverse backgrounds but also rigorous and thorough for all learners!

directions:

These placemats are perfect for icebreakers and getting to know students in a variety of situations including group counseling, lunch bunches, lunch with the teacher, and individual counseling. I like to set them out on the table before my students come in and use them to help students get comfortable and get to know each other and myself better.

6 options for the front of the placemats are included – you choose the one that best fits your needs! There is only one option for the back of the placemat (page 6). Please print only the pages you need and print the placemat front/back.
