ASCA Mindsets & Behaviors:

MINDSET STANDARDS:

- M 1: Belief in development of whole self, including a healthy balance of mental, social-emotional, and physical well-being

BEHAVIOR STANDARDS:

- B-SS 3: Positive relationships with adults to support success
- B-SS 8: Advocacy skills for self and others and ability to assert self, when necessary

DIRECTIONS:

RECOMMENDED SEQUENCE:

1. Review the PowerPoint or digital for Google Slides presentation.
2. Review the instructional posters {YES My School Counselor(s), NO, NOT My School Counselor(s)}.
3. Complete the digital or printable sorting game.
4. Complete a coloring page or worksheet.

Please only print the pages that you need. Male and female versions of the posters, bag sorting game, and coloring pages are included. Versions for one school counselor and two school counselors are also provided. You may also print the full color or black/white version. Please choose the materials that best fit your gender and the # of counselors at your school.

TO ASSEMBLE THE BAG SORTING GAME:

To assemble the bags, please grab two brown paper lunch sacks or gift bags of similar size. Please cut out the clipart counselors with the "YES My School Counselor(s)" and the "NOT My School Counselor(s)" labels attached to them. Please glue them onto the front of the bags. (please see the sample provided!). Then, please print the scenario cards and cut them out individually.

PRESENTATION:

A version of the presentation for one counselor and a version of the presentation for two counselors are both included. Please choose the one that fits the # of counselors at your school. Please start the lesson by reviewing the PowerPoint or digital for Google Slides presentation with students. This presentation teaches students all about the role of the school counselor. The second slide is customizable to teach students all about you. Please add your photo to the frame by first deleting my sample, then going to Insert → Pictures → This Device → Choose your

picture → Insert. Then, please write your name on the name tag. Finally, please write a description about you and or/your role on the clipboard. If your school has two counselors, I included two introduction slides so you can each fill out one. Then, the presentation reviews the 10 words that describe the role of the school counselor. On the last slide, students can turn and talk with a neighbor about the ways a school counselor can help them.

INSTRUCTIONAL POSTERS:

Instructional posters are provided that review the role of the school counselor. Please review these with students and explain what a school counselor "is" and "is not." These are also great to display in your space!

TO PLAY THE BAG SORTING GAME:

Please place the two brown paper lunch sacks at the front of the classroom and hold onto the pile of scenario cards. I ask students to take turns choosing one of 34 scenario cards, reading it aloud to the class, and then placing it in the "YES My School Counselor" bag if it does apply to the school counselor's role, or in the "NOT My School Counselor" bag if it does NOT apply to the school counselor's role. These cards and scenarios can generate great discussion amongst students. Feel free to expand on them and help students understand more about your specific role at your school, too!

WORKSHEETS & COLORING PAGES:

Assorted worksheets and coloring pages are included that you can use to close the lesson and/or send home with students. These are also great to have available at Open House or Back to School Night to teach your school community about your role!

Questions? Please contact me any time at laura@musiccitycounselor.com.

PS I SO appreciate when you please take a moment to leave a review on my resources on my TpT store. It earns you credits towards future resources, helps other educators find quality materials, and helps my small business grow! ☺
