How to Use the Activity:

- This presentation teaches students all about the role of the school social worker. The second slide is customizable and perfect for introducing yourself to your students. Please add your photo to the frame by first deleting my sample, then going to Insert → Image → Upload from computer → Choose your photo → Open. Please drag the photo to the frame and resize/crop it to fit. Then, please write your name on the name tag. Finally, please write a description about you and or/your role on the clip board.
- Next, the presentation reviews the 10 words that describe the role of the school social worker.
- Then, the presentation includes an interactive digital sorting game. I love using this activity on a Smart Board and asking students to come up, one by one, and take turns playing. Students read the scenario in the yellow box. Then, they drag the green checkmark to the "YES" circle if the scenario shows a role that YES, their school social worker does, or to the NO circle if the scenario shows a role that NO their school social worker does NOT do. A total of 34 scenarios are included.
- The last slide asks students to share how their school social worker can help them. They can type directly in the text box that says "Type here."
- Printable activities are also included in the zip folder that you can use to supplement or close the lesson if you'd like.
