ASCA MINDSETS + BEHAVIORS

Category 1: Mindset Standards

- M 6: Understanding that postsecondary education and life-long learning are necessary for long-term career success.

Category 2: Behavior Standards

- B-LS 7: Identify long- and short-term academic, career, and social/emotional goals.

DIRECTIONS:

This activity let's students "build" a community helper by dressing them in their uniform/work clothes and giving them the tools they need.

Both full color and black/white are included. Please print the materials that best fit your printing needs. I recommend using cardstock and laminating them for sturdiness. Please cut out the clothing and tools.

It works well to place the cut-out clothing in one basket and the cut-out tools in another basket. Gather the mats/community helper backgrounds in a pile. You may choose to use hook-and-loop fastener dots to let students easily attach and detach the pieces.

There are many ways to use this activity! I love using it in centers. I give students a mat, the basket of tools, and the basket of clothing. I ask them to find the clothing and tools that this community helper needs in the baskets. Then, they can dress them and give them the tools they need for their job.
