All Aboard the I-Messages Train! This presentation teaches students the 3-step process to using an I-Message for solving small problems. It has a fun train theme. Here are the steps involved:

1. Step 1: The first train car teaches us to explain how we feel.
2. Step 2: The second train car teaches us to describe what happened.
3. Step 3: The third train car teaches us to share what would help us feel better.

After the instructional piece, the presentation offers 4 small problems to help students practice using I-Messages. They can type their I-Message in the box that says "Type here."

A PowerPoint and printable resources are included in the zip folder, too!
