SPOT THE CAREERS

Session Objective:

*Students will explore a variety of careers by identifying job roles, responsibilities, and skills, and by connecting personal interests and strengths to possible career choices.

I Can...Statement

I can explain how different jobs help people.

Materials:

- Board Game
- Task Cards
- Task Card Boxes (optional)

Guiding Questions:

*Which careers match my strengths and interests?

ASCA Standards Alignment:

*Mindset: Belief in development of whole self, including a healthy balance of mental, social/emotional and physical well-being. (M 1)

*Behavior: Social Skills: Leadership and teamwork skills to work effectively in diverse groups (B-SS 7)

SEL Competencies:

- *Self-Awareness: Accurate self-perception.
- *Responsible Decision-Making: Analyzing situations.

Instructions

-Preparation: Print out and laminate the game board (it will last longer this way). Keep in mind if you purchase the other "Spot" task cards, they all use the same game board, so no need to print it again if you already have. Print out the game cards front-to-back, I would laminate these too. You may need to test your printer first to make sure it aligns correctly. Once printed, cut them out and store them in a task card box (or zip lock bag etc.).

-If playing solo: Select a card and answer it. Write your answer on the task card responses paper. Flip the card to see if you got it correct. If correct, move your game piece one spot. Write a checkmark next to that one on the task card responses paper. If incorrect, do not move your game piece and write an X on the task card responses paper with the correct answer. Select another card. If you land on a spot with a ladder, move in the direction of the arrow shown. If you land on a spot with a slide, slide down following the direction of the arrow. Continue until you reach the finish line or you have gone through all the cards. Optional alternate idea: Print the game board in black and white, and have the student use Dot Markers to track their progress.

-If playing with two or more players: Select a card and answer it. Flip the card to see if you got it correct. If correct, move your game piece one spot. If incorrect, do not move your game piece. The next player will now select a task card. If you land on a spot with a ladder, move in the direction of the arrow shown. If you land on a spot with a slide, slide down following the direction of the arrow. Continue until you reach the finish line, first to the finish wins!

Tape to the top of the task card box.

Tape to the inside top of the task card box.
