Printable Game

DIRECTIONS:

TO PREPARE:

All of the materials are available to you in full color and black/white! Please be sure to only print the pages that you need. I recommend printing all of the materials on cardstock and/or laminating them for durability and sturdiness. Please print the Halloween feelings chart, mat, ghost emojis, and scenario cards. Then, please cut out the ghost emojis and scenario cards. 4 blank cards are included at the end if you'd like to create your own scenarios.

TO PLAY:

This game can be played with individual students, small groups of students, a large classroom (on a projector), or in centers. To start, please review the "My Halloween Feelings" poster with students and help them understand each of the 9 feeling words. To play, students take turns drawing a scenario card. The student reads the scenario card aloud (or the educator can read the card aloud for emerging readers). Then, the student imagines how they would feel in that situation and places the ghost emoji(s) that expresses their feelings on the haunted house. If a student would experience more than one feeling in that scenario, they can place 2 ghosts on the house. The students and educator can talk through the scenario and feelings associated with it and relate the scenario back to the students' own lives. 20 scenario cards are included so you can play until the cards run out or as time allows.

Looking for the digital game? It's included in the zip file! Have questions, comments, or suggestions? Please contact me any time at

laura@musiccitycounselor.com! ☺

PS I SO appreciate when you please take a moment to leave a review on my resources on TpT.
