Printable Game

DIRECTIONS:

TO PREPARE:

All of the materials are available to you in full color and black/white. Please be sure to only print the pages you need. I recommend printing all of the materials on cardstock and/or laminating them for durability and sturdiness. Please print the feelings pumpkin patch mat, pumpkin emojis, and scenario cards. Then, please cut out the pumpkin emojis and scenario cards.

TO PLAY:

This game can be played with individual students, small groups of students, a large classroom (on a projector), or in centers. To start, please review the "My Fall Feelings" poster with students and help them understand each of the 9 feeling words. To play, students take turns drawing a scenario card. The student reads the scenario card aloud (or the educator can read the card aloud for emerging readers). Then, the student imagines how they would feel in that situation and places the pumpkin emoji(s) that express their feelings on the wagon. If a student would experience more than one feeling in that scenario, they can place 1-3 pumpkins on the wagon. The students and educator can talk through the scenario and feelings associated with it and relate the scenario back to the students' own lives. 20 scenario cards are included so you can play until the cards run out or as time allows.

Looking for the digital game? It's included in the zip file! Have questions, comments, or suggestions? Please contact me any time at laura@musiccitycounselor.com! ☺

PS I SO appreciate when you please take a moment to leave a review on my resources on TpT. It earns you credits towards future purchases, helps other educators find quality resources, and helps my small business grow!
