Parts of the School Social Worker Lesson Directions:

- This presentation teaches students all about the role of the School Social Worker. 10 different presentations are included to reflect different genders and races. Please choose the clipart character that looks the most like you.
 - Students learn about 7 "Parts of the School Social Worker." Each part teaches 1 way that social workers help students.
 - On the second slide, please add in your name and type in the "all about me" section. Please also add in your photo on the empty frame. To do so, please go to: Insert → Image → Upload from computer → Choose your photo → Open → Drag it to the frame and resize it to fit.
 - 7 parts of the Social Worker props are included, one for each body part. I like to tape these to a popsicle stick and hold them up as I teach each part of the Social Worker.
- You can also use them as a guessing game – ask students

to guess how social workers use it before explaining it.

These also make for a great review afterwards – show the body part and ask students to recall how you use it.

- The last slide asks students to share how their School Social Worker can help them.
- A PowerPoint presentation and printables are also included in the zip folder.
- Questions, comments, or suggestions? Please contact me any time at laura@musiccitycounselor.com. I'm here to help!
- PS I so appreciate when you please take a moment to leave feedback on my resources. It earns you credits towards future purchases, helps other educators find quality resources, and helps my small business grow! 😊
