How to Use the Digital Activity:

- 1. This interactive presentation teaches students a 5-step method to solving problems, with a cute pirate theme! First, students learn the 5 steps to solving a problem with the "Problem-Solving Pirates." Then, the lesson walks them through a sample problem ("I have been late to school every day this week) using the 5 steps. Finally, the presentation offers 5 problems that the child can practice solving on their own. They can type their responses in the fillable text boxes that say "type here."**
- 2. A PowerPoint and printable resources are included in the zip folder, too!**
- 3. Questions? Please contact me at laura@musiccitycounselor.com.**
