HI FRIEND, CLICK HERE:

to access the digital for
Google Slides™ presentation.

○ **General Google Slides Directions:**

1. Please sign in with your Google account.
2. Please click on the computer image on the previous page.
3. Please click "make a copy" and a copy of the presentation will automatically be saved to your Google Drive™.

S.P.A.C.E. Problem-Solvers Directions:

- This presentation teaches students how to solve small problems themselves with a cute outer space theme.
- First, students learn that small problems are like asteroids flying around a rocket ship: they bug and frustrate us, but they don't break the ship or stop the mission.
- Next, students learn that they can solve small problems themselves with the S.P.A.C.E. acronym.
- S: STOP and STAY calm. P: PROBLEM (name the problem). A: ASK yourself (what are 2 choices I can try?) C: CHOOSE the best solution. E: EVALUATE (did it work?)
- Students also learn 7 ways to solve small problems with the "rocket control panel." Each button/lever represents one way to solve small problems.
- The presentation closes with an example small problem that let's students walk through the S.P.A.C.E. acronym. Students can type directly in the text boxes that say, "Type here."

○ TERMS OF USE:

- Make copies for the purchaser's classroom AND share copies with other educators within your school building
- Reference (without distribution) this product in blog posts, seminars, professional development workshops, or other such venues provided there is both credit given to myself as the author and a link back to my TpT store included in the post/presentation

• YOU MAY •

- Claim the work as your own, alter the files in any way, or remove/attempt to remove the copyright
