LET'S TALK ABOUT SUCCESS SKILLS

Game Objective:

*Be the first to get rid of all the cards in your hand. Answer all the discussion questions on your cards.

Materials:

*Print card deck either double sided, or laminate them so they are back to back with one side of the card being "Let's Talk about Success Skills" and the other side being a discussion question. I recommend laminating either way so the deck lasts longer.

Game Instructions:

- *Play this game as you would play UNO, except students must answer the discussion question on their card to play the card.
- *Choose a dealer and shuffle the cards. Deal 7 cards to each player. Place the remaining cards face down in the center of the table. This is the draw pile. Flip over the top card on the draw pile, place it face up to form the discard pile. (If this card is an action card, ignore it and flip over to the next card). The player to the left of the dealer goes first and proceed clockwise.
- *On your turn, you try to get rid of your cards by playing one card onto the discard pile.
 - ****If you have a matching card in your hand***, you may play it on the discard pile. (You can only play a card if it matched at least one attribute of the top card on the discard pile: its color, number, or symbol. If the card you played is an action card, it does something special (see action cards below). You must answer to question on the card that you play.
 - ****If you do NOT have a matching card***, draw one card from the draw pile. (If your new card can be played, then you play it now. You may choose to draw a card instead of playing one, even if you have a playable card in your hand.
- *The moment you have only one card in your hand, you must yell UNO to alert the other players you are about to win. If someone beats you to it and calls UNO before you, then you must draw two cards.
- *When a player plays their final card, they WIN!
- *Action cards:
 - *Draw Two card: When played, the next player must draw two cards and lose their turn.
 - *Skip card: When played, the next player loses their turn.
 - *Reverse card: When played, the direction of play is reversed.
 - *Wild card: This card matches anything so you can play it no matter what card is on the discard pile. When you play a Wild card, you also get to choose the color that continues play.
 - *Wild Draw Four card: This card matches anything so you can play it no matter what card is on the discard pile. The next player draws four cards and loses their turn. You also get to choose the color that continues play.

ASCA Standards Alignment:

- *Mindset: A positive attitude toward work and learning. (M 3)
- *Behavior: Learning Strategies: Time-management, organizational and study skills. (B-LS 3)
- *Behavior: Learning Strategies: Self-motivation and self-direction for learning. (B-LS 4)
- *Behavior: Learning Strategies: Long and short term academic, career, and social-emotional goals.

SEL Competencies:

- *Self-Management: Goal Setting, Self-motivation, Organizational skills, Self-discipline.
